

LANGLOIS on the air

The political pot is now beginning to boil, so am listening to the gas. Stassen, in talking for Dewey, stuck his neck out a few feet on cost of living. Is Dewey or the Republican party going to cut out farm parity prices?

To bring the cost of living down, he says these parity prices that guarantee the farmer a living will have to be cut. When you do that, labor is also going to take a cut. When labor takes a cut, plus the farmer, the business men are going to lose business, plus being stuck with stuff bought at too high prices. When that happens, manufacturers are also going to take it on the nose. So when you start the kind of business Dewey's mouthpiece Stassen is advocating, you figure out the result.

To cut the cost of living, cut Government costs by firing a quarter million Government loafers, including some Congressmen.

High prices are tough all right, but when prices are low, it is just as tough to find ten cents to buy with as it is to find a dollar when prices are high. Think back a little if your memory's not too short.

And to cap it all, when a bird like Roger Babson comes out with his latest, well, use your own judgment.

Let's take Truman now on this Civil Rights program. That is a pure vote-getting deal. He's from Missouri, which was more of a Southern State than Northern. He wants equal rights for the Negro, same as I do; that is, providing he don't have to live next door to one.

I've heard all the bull during these last three years about how the Negro is picked on that I want to hear. I never saw anyone pick on a Negro unless he was looking for trouble. The last experience I had with them was at Linda Vista, where I had some ten to twenty of them on a crew and, believe me, they were always looking for a fancied slight; always on edge, until one day a long-legged Texas carpenter got fed up with this stuff, and really dry-cleaned a colored gentleman, which resulted into a general free-for-all.

I got the thing stopper with a short 2 x 4 before the plant police got in action. Next thing, the business agent for the laborers came out to read me the riot act, because he claimed I edged the white boys and used said 2x4 only on Negro. For a fact, I swallowed more garbage to avoid a fight, than I ever did before, or will again. So long as the Sons of Ham live in one place, I'll live somewhere else. They can have all the Civil Rights they want away from me. However, if they keep on coming to Calif. and Arizona, it won't be long before the troubles down south will be over.

As for this muscle-headed Wallace going around down South with a Negro secretary and eating only where they don't draw the color line, is a sure way of bringing trouble to a head. Why they throw eggs or tomatoes at him, when there are plenty of rocks, I don't understand.

Something else I don't understand is how he came from Iowa, a state that has produced some good men. Now, had he been born in L. A. we could all understand that, being the hatching place of screw balls.

But, you can all see the cheap insincerity of this way of getting votes, both on Truman's or Wallace's part. Stand up for the underdog. Gentlemen, that's the acme of hypocrisy. I'd still like to vote for Warren, but don't know if I can take what goes with him.

Regarding our local Representative in Congress, that is between Fletcher and McKinnon. If we need a change in Presidents, we should have a change in Representatives. To me, San Diego has had a sufficiency of Fletchers. A change sure would be a good thing, and this man McKinnon did not inherit what he has. He made it through his ability, and unless I change my mind, he gets my vote. I look for more in a man than an affable personality, commanding stature and an easy smile, before I think he's the best man to vote for.

And anyhow, no use keeping a guy in for life, just because his old man was there half a lifetime. I hope this answers the phone calls that asked me to state where I stand. This is my opinion. You use your own judgment.

As to how I am going to vote on the Presidential question, I don't know and won't know till the two candidates are through talking.

Now, a local matter I want to bring up that is worthy of support, is the chance that Eddie Marquis is giving our local teen age boys to learn something about boxing.

Eddie was a main eventer, and he knows the game. Any

Speaker Stresses Need for Water In Eucalyptus Hills

The Lakeside Chamber of Commerce has offered its services to the Lakeside Irrigation District in any way that it can be of help in bringing water to the Eucalyptus Hills area.

Property owners of this tract of land have recently been accepted as a special assessment district within the Lakeside Irrigation District, and through Attorney Allen G. Mitchell, chairman of the Board of Directors of the Lakeside Irrigation District, have been working out details of the project.

These have included surveys by engineers of the project, estimates of cost and plans to disburse of warrants to be levied against the land to pay for storage and distribution of a share of Colorado River water.

Chas. Christman, secretary of the Lakeside Chamber of Commerce, was authorized by President Rupert C. Linley to draw up the resolution.

The action was unanimously favored by the C. of C. members after hearing a talk by Richard (Dick) Kent, a new property owner in Eucalyptus Hills, who spoke enthusiastically of the possibilities of the area when water is available. Mr. Kent has five acres, two of which are cleared and ready for planting to avocados, awaiting water.

"This land is ideal for avocados," he said. "Now the land is dry and thirsty. With water Eucalyptus Hills will become a garden spot."

C. OF C. RECOMMENDS FLOOD CONTROL MEASURES

Another resolution passed by the Chamber of Commerce at its meeting Monday night was addressed to the El Cajon-Lakeside Soil Conservation District and to the San Diego County Board of Supervisors, urging them to take steps to deepen and clear the channels of Los Cocheros Creek and the San Diego River.

It was pointed out that they could not properly carry away flood waters in their present condition. The San Diego River bed in particular is overgrown with willows and weeds.

The Lakeside Post Office has for sale a large supply of commemorative stamps of various issues.

In order to keep these moving to make way for other new issues coming along from time to time, Postmaster Helm would appreciate it if patrons would ask for the commemorative issues, when available.

PRIZE FOR WINTER GARDENS IMPROVEMENT ASSOCIATION

At the suggestion of President Linley, the members voted to instruct Secretary Christman to write a letter to the Board of Directors of the Winter Gardens Improvement Association, congratulating that organization on the steps being taken to promote the welfare of the Gardens.

A new member of the Chamber, James Hammett, proprietor of the Tumbleweed Cafe, was introduced.

Frank Gander, entertainment chairman, introduced Mr. Boyd, evening's speaker.

It was announced that at the next regular meeting, the speaker will be an engineer who will present facts and figures on the cost of installing a sewage disposal system in Ramona. Numerous Lakeside residents have recently raised the question how much a comparable project here would cost.

Family Night Supper At Community Church

The first of a series of Family night suppers will be held at the Lakeside Community Presbyterian Church Tuesday evening, Sept. 21 at 7 p.m. It will be a potluck dinner, followed by a program of community singing and showing of a film "From Halifax to Victoria." A cordial invitation is extended by Rev. Philip Lascelles to all to attend.

boy who fails to take the chance to learn how to use his hands, is going to kick himself some day. To learn the game under a professional like Eddie, is a chance that comes to very, very few boys. I did not have that chance, so had to learn the hard way. Take it from me, fellows, there's an easier way to stop a punch than using your chin. Also, bear in mind that leading with your right is a sure way to sit down suddenly.

So I state again, you're the loser if you don't support Marquis—not him.

So long.

LAKESIDE SCHOOL RE-OPENS MONDAY

At a special meeting of the Board of Trustees of the Lakeside Union School District, held at the school Monday, Sept. 13, the Board of Trustees voted to open school on Monday, Sept. 20.

This decision was reached after a full discussion of the problem by members of the Board; Mrs. Leola Hermes, representing the P.A. and several parents who attended the meeting.

The following reasons were given as a basis for the decision:

1. Best medical advice available indicates that children will be better off in the schools under the observation of teachers and nurses and under a controlled program of physical activities than they would be in an unsupervised program in the community.

2. Statistical studies show that the cases of poliomyelitis are decreasing in number and records of past years as well as this year indicate that when schools begin, the number of cases will decline.

District Superintendent Elmer Walker also calls attention to the following safeguards:

In school each child will be under regular teacher observation during the school day. A health check will be made each morning by the teacher and if necessary by the school nurse. (Continued on Next Page)

Interest In California Great In Middle West

"Wherever we went in the Middle West, people wanted to know about California—everybody wants to come out here," F. L. Boyd, Lakeside realtor, told members of the Lakeside Chamber of Commerce at their meeting Monday night.

He was surprised, he said, to find how many people were vitally interested in California. He was called upon often to answer the question: "What are you fellows going to do when your water runs out?"

This summer, Mr. and Mrs. Boyd spent several weeks in Michigan and elsewhere in the Midwest. He said the type of homes being built there differ from those on the coast only in that they are better insulated. California homes, on the other hand, are better cross-braced.

New homes in Michigan cities, of 1,000-sq. ft. area are selling for from \$10,000 to \$10,500.

Mr. Boyd's talk came at the conclusion of a dinner meeting of the Chamber at the Lakeside Inn. Plentiful helpings of fried chicken and hot biscuits were thoroughly enjoyed by 16 members present.

The meeting was presided over by C. Rupert Linley, president.

Lakeside Supply Battles City Champs To Play-Off Tie, 4-4

The Lakeside Supply Football team lived up to the fondest expectations of its followers in the San Diego playoffs and would likely have won the title had it not been for a fluke ruling.

Battling Conva's Experimental team in the second game of their series, the Supply's were deadlocked with them, 4 to 4 tie, when the game was called, because the time limit was up.

This, in spite of the fact that the game was delayed in starting 15 minutes because the umpire was late.

Had the game been continued another inning, local fans believe the Supply team could have repeated their former victory over the Conva's, 3 to 2.

This was accomplished Sept. 9 with Ruiz on the mound and was the first defeat for the plane manufacturers in league play.

Lakeside Supply, by virtue of its standing in the league playoffs, will be awarded a trophy.

Farmers-Merchants Battle Lines Forming For Softball Game

Everybody will want a ticket to see the Merchants walloping the Farmers (or vice versa) when the two teams tangle in softball a week from Monday—September 27, at the Grammar School field.

And it won't be necessary to stand in line to get a ticket. Lakeside Merchants are backing the game 100 per cent and all the following have purchased blocks of tickets—which they have for sale at 50 cents each—all proceeds to go to the War Memorial Building.

Tickets may be purchased from Eddie's Mobilgas Station, Lakeside Pharmacy, Lakeside Supply, Barker & Sons, Fred Prindle & Son Meat Market, Huffman's, Lakeside Star, Lakeside Inn, Union Service Station, Lakeside Motors, Major's Auto Parts, Watkins Bake-Sweet Shop, Arcade Cleaners, Arcade Barber Shop, Pearce Real Estate, Houlihan's Real Estate.

F. L. Boyd reports a total ticket sale of \$157 as of Wednesday (yesterday).

Meantime, rival managers of the Farmers (C. H. Foster) and Merchants (Fred Prindle, Sr.) each has the game salted away.

Says Mgr. Foster: "We're not worrying! If the Merchants bat first, they may get a 15 or 20-run lead, but stick around until the Farmers get their bats!"

"Have you ever seen the Lakeside Merchants sling mortar and drive nails? If you haven't, drop over to the Memorial Building sometime after September 27th and see the Merchants sweat! The Farmers are hoping to see the results of a full day's work."

"We'll have Herb Barnett in there throwing and Max Jenkins behind the platter."

Players must be 35 years of age or over.

Fred Prindle said he wasn't worried about losing the game. "With Rupe Linley on the mound for the Merchants, the Farmers will be lucky to get a run. We're out there to win and put the Farmers to work on the Memorial Building!"

Members of the losing team will put in a full day's work on the Memorial Building.

Further Study for Unification Proposal

Following a meeting of State, County and local school officials in Los Angeles last Wednesday, the proposal to create two unified school districts in east portion of San Diego county was referred back for further study.

The proposal, if put on the ballot and carried, would have placed the burden of building a new high school plant upon the portion of the present Grossmont Union High School district lying, roughly, east of the existing Grossmont High School.

Attending the hearing and expressing their opposition to divide the district on this basis were John Wilkinson and C. H. Foster of Lakeside, Superintendent Lewis Smith, Harold Hughes and C. C. Cooper.

Start Scrap Drive for GUHS Organ Fund

The opening gun has already been fired by the El Cajon Junior Chamber of Commerce in its efforts to aid the Red Robe Choir of Grossmont Union High School to complete payment on a new Hammond organ at the school.

The Senior class of 1948 made possible the purchase of this organ by making the first payment last spring. The next largest contribution to this fund has been made by the Red Robe Choir under the direction of Mrs. Merle C. Donohue.

The committee of the Junior Chamber of Commerce in charge of gathering and sales of scrap iron are Bert Webb, chairman; Wm. Roberts, Ben Cerveny, Louis Thurman, Bruce Norbeck, Ed Forsberg and Wm. Evans.

Mr. Webb asks anyone having scrap iron to donate to the drive, call H. 4-7381; H. 4-5658, or H. 4-3022 and the scrap will be picked up.

BOSTONIA NEWS

Mrs. C. V. Newbury's brother and sister-in-law, Mr. and Mrs. Anton Graalfs of Los Angeles, arrived in Bostonia Aug. 11 for a combined business and pleasure visit. It was the first time in three years that they had been down, and were surprised at the extensive growth in our valley.

They returned to Los Angeles August 18 and Mrs. Newbury accompanied them. In Los Angeles she visited her aunt, Miss Agnes Bauer of Eagle Rock. Cliff and their two children also arrived on the following Sunday. They went on up the coast to Hollywood-By-The-Sea, where Mrs. Newbury's other sister-in-law, Mrs. Stella Graalfs and small granddaughter, Linda Ann Breckenridge were visiting Mrs. Graalfs' father. After two days at the beach the Newburys returned home, bringing Mrs. Graalfs and Linda Ann back to their residence in East San Diego on the way.

Cliff Newbury operates his own garage at their home address, 1455 East Avocado.

Mr. and Mrs. George Bowker have moved into their new home on Pine street in the Lindo Heights subdivision.

WINTER GARDENS

"LUCKIEST BOY ANYWHERE"
Bobbie Francella, 15-year-old brother of Mrs. Carl M. Gottsmann of Winter Gardens, is one of the luckiest boys anywhere.

He is all out for airplanes and the other day he climbed up on the roof of the Gottsmann home, with his binoculars, to get a better look at three Navy planes cavorting overhead.

He was so absorbed in watching the maneuvers, he forgot he was on the roof, and stepped through the skylight, landing 12 feet below on a concrete floor.

Outside of a backache for a day or so, the only injury Bobby suffered was a half-inch scratch on his little finger. He probably will never forget, however, those hundreds of pieces of plate glass wire hanging down over him from the window frame.

Bobbie has returned to New York to school. His brother, Richard Francella, had previously visited his sister here, recuperating from two attacks of pneumonia during his last two months in the Service. He returned to New York after having gained 20 lbs., "thanks to the California climate and Mrs. Gottsmann's good cooking."

Mr. and Mrs. Arthur W. Merrill have been spending week-ends in Escondido, assisting in the remodeling of the home of Mr. and Mrs. O. F. Wolline.

The Merrills have subdivided a 4½-acre tract adjacent to their home in Winter Gardens.

Mrs. Rex Land, at last week's meeting of the Adult Fellowship of the Santee Community Church, announced that the cookie sale that has been planned by the organization would be upheld the first day of October. All members of the class are accepting orders for the home made cookies which the committee will bake in the church kitchen on the afternoon of Sept. 30 and 31.

The meeting was held at the parsonage home of Rev. and Mrs. Huckaby with Leatha Elam, Bobby Martin and Edith Fradenburg serving on the refreshment committee.

Those present were Rev. and Mrs. A. E. Huckaby, Messrs. and Mmes. Lester Fradenburg, James Slaten, Harry Denison, Harry Elam, Franklin Toynton, Rex Land, Al Sweeton, Johnny Martin, John McSwain, Chet Harritt, and Mrs. Burnette Martin.

Colonel Stuart D. O'Neil of Crown Point was a Sunday visitor at the home of Major and Mrs. Blanton.

Mr. and Mrs. T. R. Ehlers and children have started on a three week vacation trip back to their former home in Colorado.

L. Banks Hale, who lives on Mission Valley Road, suffered cuts and bruises in a two car collision about a mile west of Santee Sunday evening.

Mrs. Lillian Gilbert, postmaster of Santee is back from her vacation—spent near Rosarita Beach.

Mr. and Mrs. P. R. Llewellyn of the A and L Market on Mission Valley Road have returned from a 6000 mile trip back to Colorado and Kansas. They pulled a light weight trailer, and enjoyed being able to stop at points of fishing and interest along the way.

Mrs. Charles Bliss is also home from a visit with Mr. Bliss' brothers and sisters in Michigan. Mr. Bliss is continuing his trip by going to Indianapolis and attending the International Convention of Cosmetologists and Barbers.

Dick Russell will leave on Sunday for Provo, Utah, where he will register on Wednesday for the pre-Engineering course at Brigham Young University.

At the meeting of the Santee Methodist Board of Education on Monday evening, an invitation was issued to all members of the community to attend the Church School, which has been inactive since the polio epidemic started. The teachers will all be present on Sunday, Sept. 19 to welcome their students back for the fall course. On the evening of Sept. 26 a Consecration Service for teachers of the school will be held during the hour of evening worship.

A family party was held Sunday to celebrate the birthday of Stanley Elam.

The home of Mr. and Mrs. Bernard Boyd on Mission Valley Road in Santee was the scene of a farewell party for Dr. Norman Abrahamson. He will leave on Sept. 20 for Point Barrow, Alaska, where he will continue the experimental work he has been doing at Cal Tech.

Most of the guests were friends of his who had formerly made their homes in North Dakota. They were:—

Mr. Anderson, Mrs. Irvin Larson and family of Long Beach, Messrs. and Mmes. Oscar Larson and sons Don and Jerry, Lester Jones, of National City, Fred Grossher and son Ralph, and Jim Jevicks, and daughters Jeanne and Janice.

Mr. and Mrs. John H. Rogers of Van Nuys have bought an acre and a half of the property formerly owned by Don Kester, on Cottonwood facing Buena Vista, and plan to make their home here soon. Mr. Rogers is a retired custodian from the city schools of Los Angeles.

Gordon Smith returned to his home from the La Mesa Hospital on Sunday. His condition has improved so that he is able to be up short periods at a time. His grandmother, Mrs. A. F. Smith, of Provo, Utah, arrived in Santee Saturday afternoon to spend five or six weeks. She reports that her husband is in much better health than when he left Santee last year, and is enjoying being able to help his sons with their work.

CHURCH NEWS

Sunday, Sept. 26 is Rally Day in the Church School and Roll Call Day in Church at the Community Methodist Church in Santee. This day is being observed in each of the 31 Methodist Churches in San Diego County as a united effort by San Diego Methodists. It is the purpose of the leaders of the church to attempt to have every member and every family present at both church school and church services that day. The church and church school attempts to assist parents in teaching children the sacredness of marriage and the sanctity of the home and family life, and to build ideals and character into the life of the children of the community. The church needs the cooperation of parents in bringing their children to church school and church and carrying the ideals of Christ into everyday living.

Plan now to be present with members of your family at the church school and worship services. "Families that pray together—stay together."

At a meeting in San Diego last week it was decided that each of the 31 churches would observe World-Wide Communion Sunday October 3. This will also be a roll call Sunday in an effort to have all members present. A special offering for overseas relief will be taken.
